This is a time when there is a lot of controversy in the Christian world - and a understandable concern with what is taught in the historic Church, notably in one of the world's most ancient, the Anglican (English) Church, a highly-significant Christian faith, especially to Americans, who might not know this was the majority faith of our Founding Fathers.

This is a chance to know our classical, but Scripturally-faithful and Spirit-led Anglican Christian practice, as taught by our rector. Our text, “Outline of an Anglican Life” comprises about 15% of the material - and is a great start for the packed discussion we have in seminar. This is perfect for those who want to know the Lord in His ancient way—and to understand our common roots with Christians everywhere. If you've been a recent visitor to All Saints and would like to learn more—this is a great vehicle to understand how we practice Jesus' Lordship here, where we came from - and where we're going. Invest the time, then, even if you think you understand Christian Faith and Anglican practice—you'll be blessed. The Lord be with you!
